TOURO GETS $97K FORECLOSURE PREVENTION GRANT

The Law Center has been selected as one of ten state-wide grantees for a foreclosure prevention program designed to help local residents keep their homes. Touro will receive $97,000 from the New York State the Attorney General’s Office, which will be used primarily for the Mortgage Foreclosure & Bankruptcy Clinic, led by Professor Leif Rubenstein. The clinic has been a leader in helping at-risk local homeowners avoid foreclosure. Touro’s partner in the new program is the Central Islip Civic Council, also known for their work helping local residents with foreclosure issues.

IT ROLLS OUT NEW WIRELESS NETWORK

The Information Technology Department is installing a new state-of-the-art wireless network, “Touro Law–Students,” which will include access points that contain the latest wireless radios that are compatible with both older wireless devices as well as the newest and fastest devices that run “Wireless n”. Rolling out the new network will take several weeks; as work progresses there will be parts of the building where either the new Touro Law–Students, or the current network, “TLC Students” will be available. Eventually there will only be one wireless network, “Touro Law–Students.” Either network will accept current user names and passwords for log on to the Touro Law network. For more, contact the IT department, IT@tourolaw.edu.
